SHIPPING—Customers are required to give definite instructions in regard to manner of shipping that they desire. We ship by express and freight over the Western Maryland Railway which connects with the Pennsylvania and B. & O. Railroads and steamship lines in Baltimore. The White Transportation Co. and the Tidewater Bus Line also give motor truck service direct from the nursery.

AUTO TRUCK DELIVERY—We make deliveries by truck within 100 miles of our nursery; our charges for this service are very moderate. Delivery by truck is very satisfactory and eliminates packing charges and insures quick delivery after plants are dug.

INSPECTION—A Certificate of Inspection accompanies each shipment.

GUARANTY—We give no guaranty, expressed or implied, as to description, quality, productiveness or any other matter of any nursery stock or bulbs we sell, and we will not be in any way responsible for the crop. All agreements and contracts are made subject to crop losses through unavoidable causes.
